Dear Sir:-

In connection with the reward of \$500.00 offered by California Cattlemen's Association for information leading directly to the arrest and conviction of any person stealing cattle or calves owned by a member, the following requirements apply:-

1. The SAN FRANCISCO Office of California Cattlemen's Association must be notified promptly upon the arrest of a suspect in order for the reward claimant to be eligible for the reward offered.

2. In no case will the Association pay a reward to owners in cases where the member's own cattle are stolen.

These are in addition to the requirements outlined previously and which you have on file.

Yours very truly,

Earl D. Schlaman
Secretary.
